# Introduction

If you are looking for how-to instructions for the perfect way to read devotionally, you will not find it here. The reason is that there is no perfect way. Just as God created us differently, He also created us to read, learn, and inwardly digest His Word differently. Some might complete this in five minutes, while others might contemplate for an hour. Both are good!

The purpose for this reading plan is to help each member of Peace to dig into God's Word as individuals, yet as a group as well. A couple of possibilities include:

- Reading the whole chapter every day, then the passage for the day
- Reading the passage slowly multiple times.
- Simply reading the passage once.

The main point is that you try to read every day. If you miss one or two, the readings are short enough that you can catch up if you do fall behind. But I encourage you to try to read every day!

The study method used is the S.O.A,P, method

- Observation: What is happening in the reading? What stands out?
- Scripture: What in this passage stands out to you about Word, Faith, and Life?
- Application: How will you apply what you read to your life?
- Prayer: What do you want to pray for today?

I encourage you to try to journal at least a little bit each day. It is especially important if you are part of a discipleship group as this will serve as a basis for the time together as a group.

I'm glad you are joining us. May God bless your study of His Word!
