

Paid in Full
Christian Coin Cross

This craft goes well with the Romans 3 Devotion.

Supplies needed: 2 Popsicle Sticks, about 12 pennies, 4 nickels, Elmer's Glue or a Hot Glue Gun or Glue Dots.

Instructions:

1. Break one of the popsicle sticks so it's about $\frac{1}{2}$ to $\frac{3}{4}$ the size of the other stick. If you don't want a rough edge of the stick, you can use sandpaper to smooth it out.
2. Attach the shorter stick to the longer stick about a quarter of the way down with the glue product of your choice.
3. After your sticks are attached and dried, glue the pennies down. It's best to start without the pennies overlapping and then add more as you go and the glue dries. You can layer the pennies however many you'd like to fill in the bare spots of wood.
4. To finish your cross, put the 4 nickels on the 4 points of the cross.
5. Optional: Attach a string, pipe cleaner, or magnet to the back of the cross so that it can be hung up or put on the fridge as a reminder of Jesus' sacrifice for you!
